3/15/2022	It's a pleasant rural area, The citizens are great neighbors and will stick together, The schools, fire, and emergency medical services are very good	Name 3 (or more) features of Hanover County that you like best.	Phase 1 Survey: Identifying Needs
3/15/2022	Get rid of "conditional use permits", Make citizens priority number 1, Slow the bureaucratic growth of government	Name 3 (or more) features of Hanover County that you think could be improved.	Phase 1 Survey: Identifying Needs
3/15/2022	Zoning codes don't mean very much	What do you think are most critical issues Hanover County is currently facing? Select up to five.	Phase 1 Survey: Identifying Needs
3/15/2022	Open space for single-family homes and agriculture to co-exist.	What does rural mean to you?	Phase 1 Survey: Identifying Needs
3/15/2022	A rural area wherever it is rural today.	Fill in the blank: In 20 years, I want Hanover to look like _____.	Phase 1 Survey: Identifying Needs
3/15/2022	Continued bureaucratic growth. We don't have to try to "keep up with the jones".	What would be a "game changer" for Hanover County?	Phase 1 Survey: Identifying Needs
3/7/2022	Signage in the middle of round about that designates Brown Grove Historic District		Brown Grove Community Meeting
3/7/2022	Recreation center/park/moratorium		Brown Grove Community Meeting
3/7/2022	Brown Grove recognized as historic district in the Board of Supervisors meetings		Brown Grove Community Meeting
3/7/2022	Commit to building affordable homes in the future, not buildings/industry		Brown Grove Community Meeting
3/7/2022	Sidewalks		Brown Grove Community Meeting
3/7/2022	Water testing/clean air/clean water		Brown Grove Community Meeting
3/7/2022	Extend water service to the full length of Egypt Road		Brown Grove Community Meeting
3/7/2022	To seek a good standard of living, and to preserve our cultural heritage.		Brown Grove Community Meeting
3/7/2022	To have Hanover County remove all grammar/wording called "Brown Grove Sewer or Sewage from legal and non-legal documents as it can be looked upon as racist language.		Brown Grove Community Meeting

Date	Comment	Prompt	Source
3/7/2022	To seek fair treatment with the equitable consideration of all people whereby no group of people bears a disproportionate share of any negative environmental consequence resulting from an industrial, governmental, or commercial operation, program, or policy.		Brown Grove Community Meeting
3/7/2022	To have Hanover County change the industrial/commercial zoning to the more family friendly Suburban General (SG) designation.		Brown Grove Community Meeting
3/7/2022	This would support future residential projects and not future industrial		Brown Grove Community Meeting
03/04/22	I didn't get a chance to add this to my survey, but I think Hanover County could really benefit from having an indoor fitness facility, including an indoor pool. The winter months are challenging without many indoor things to do and a community fitness center helps physically and emotionally! We would definitely take advantage of a good facility. See https://www.oremrecreation.com/center-amenities/ for ideas!	webform	Envisionhanover.com

3/3/2022	Spotty internet service.	What do you think are most critical issues Hanover County is currently facing? Select up to five.	Phase 1 Survey: Identifying Needs
3/3/2022	It's 2022. Most critical is the fact that "equitable high speed internet access across the county" is not listed. If my kid in King's Charter is held to the same standards as those in Beaverdam – they should play on an equal field. The only reason I can imagine this is not a priority for the county is there's simply is no incentive to do so. If true, sad. Because the incentive should be making life better for everyone. My thinking is it's "not economically viable". If so, that is a sad commentary on the vision of the county.	What do you think are most critical issues Hanover County is currently facing? Select up to five.	Phase 1 Survey: Identifying Needs
3/3/2022	This question is divorced from the Comp Plan and needed changes..	What do you think are most critical issues Hanover County is currently facing? Select up to five.	Phase 1 Survey: Identifying Needs

3/3/2022	(1) Frankly, and this is the easy one, get the county wired, fibered, or whatever for equitable high speed/fiber internet access. It's easy to see the money rolling into the western county in the form of million/billions of businesses and subdivisions but Hanover just cannot find the capital to solve this issue. It's not even listed in question #3. That is very telling. In a related (2), elected representatives should try to remember the votes come from the people, even if all the money comes from business and special interests. Principles vs Special Interests - unfortunately we all know what motivates action in America; even in Hanover USA	What would be a “game changer” for Hanover County?	Phase 1 Survey: Identifying Needs

3/3/2022	High speed internet in all areas	What would be a “game changer” for Hanover County?	Phase 1 Survey: Identifying Needs
3/3/2022	An entertainment complex for concerts and outdoor events	What would be a “game changer” for Hanover County?	Phase 1 Survey: Identifying Needs

Date	Comment	Prompt	Source
3/3/2022	Game changers in a bad way: Liberal rezoning policies; uncontrolled and unplanned or poorly planned (in terms of long-term planning) development; allowing potential development to negatively impact your school system. Game changers in a good way: if you're going to develop, consider deed restricted retirement communities - make Hanover more retirement friendly; consider amenities that capitalize on available wide open spaces, i.e., golf courses, equestrian centers/polo tournaments, etc; more well planned and controlled family friendly festivals. Control or restrict residential growth, where demand on infrastructure and resources barely keeps up with tax revenue, and focus on things like a business friendly commercial mentality (not industrial or heavy industrial), agri-tourism end quality family entertainment (combination activity/dining venues like top golf). Stay, play, and spend in Hanover, then go back home to your adjoining county where they can deal with funding schools, public works, police, fire, etc. Create an environment where there's a waiting list to move in Hanover for well-built homes (which will ultimately drive up land values and residential tax revenue) and not an abundance of cookie cutter Ryan Homes (or other out of town mass production company) built garbage.	What would be a "game changer" for Hanover County?	Phase 1 Survey: Identifying Needs

3/1/2022	<ol style="list-style-type: none"> 1. Building infrastructure prior to development. Roads are becoming clogged with traffic due to new developments 2. More resources to the school system to elevate all schools in the top echelon in the Richmond area and the State of Virginia. Resources is not just dumping a large sum of money, but directing it to purposeful needs. Provide real cost of living increases to school employees. Pay raises are great but when insurance premium rate increases go up as much or more than raises, teachers lose out. 3. Requiring developers to build a properly sized pool for neighborhood communities. Kings Charter and Pebble Creek are good examples. Rutland, Milestone and Bell Creek are not. Minimum - z shape pool with shallow end, 6 lane 25m middle, and deep well (15 feet). These community pools pools add value to qualify of life and provide opportunities to teach valuable water safety skills, swim lessons, etc. 	Name 3 (or more) features of Hanover County that you think could be improved. 3/1/2022	the same friendly community feeling it has now. For people to feel a sense of belonging when they move here	Fill in the blank:In 20 years, I want Hanover to have _____.	Phase 1 Survey: Identifying Needs
3/1/2022	Peaceful neighborhoods where it is safe for children to ride their bikes and play. I do not want it to look like what is happening around the Hanover airport and the Wegmans distribution site. You are sacrificing that area to bring in money and leave other parts of Hanover from over development	Fill in the blank:In 20 years, I want Hanover to have _____.	Phase 1 Survey: Identifying Needs
3/1/2022	Farmers still farming and crime still low in our community. I want to know that my grandchildren can be proud of where they were raised and will want to stay in Hanover County!	Fill in the blank:In 20 years, I want Hanover to have _____.	Phase 1 Survey: Identifying Needs
3/1/2022	A robust and growing economy and population. Most importantly complete high tech access across the county.	Fill in the blank:In 20 years, I want Hanover to have _____.	Phase 1 Survey: Identifying Needs
3/1/2022	Freedom.	Fill in the blank:In 20 years, I want Hanover to have _____.	Phase 1 Survey: Identifying Needs
3/1/2022	A slow growth attitude. Just enough business and residential development to provide a tax base to maintain a great quality life. We do not need every bell and whistle and a strip mall every one or two miles. Smooth flow of traffic. Top notch K-12 educational system. That we built and expanded taking into consideration and additional repairs, maintenance, and replacement costs necessary for such projects. Limited government interference in individual citizens lives; a government that does not try to provide everything to everyone. That in 20 years Hanover County ois a place where the leaders and its community members are down-to-earth, level-headed responsible, resourceful and independent minded people.	Fill in the blank:In 20 years, I want Hanover to have _____.	Phase 1 Survey: Identifying Needs
3/1/2022	Internet access	Fill in the blank:In 20 years, I want Hanover to have _____.	Phase 1 Survey: Identifying Needs
3/1/2022	A better open mind for growth and environmental issues	Fill in the blank:In 20 years, I want Hanover to have _____.	Phase 1 Survey: Identifying Needs
3/1/2022	Better developed commercial area in the Ashland area	Fill in the blank:In 20 years, I want Hanover to have _____.	Phase 1 Survey: Identifying Needs

2/28/2022	-Gosh, it's kind of junky looking in a lot of business areas. -Get rid of the Tea Party signs (they make us look petty and ignorant) -it sure would be nice to have bicycle paths to enjoy the country roads by bike	Name 3 (or more) features of Hanover County that you think could be improved.	Phase 1 Survey: Identifying Needs
2/28/2022	Cycling paths on bike Rt 1 and R76 to improve safety and promote tourism. That intersection has potential for promotion. Patrick Henry needs to be updated. Compare that campus to other high schools in the county. Traffic coming into and out of Ashland is getting bad. With anticipated train traffic increasing, it will be worse. There need to be more above/below grade crossings for the tracks and access points for 95. The political mindset that has folks not willing to work together, seems there is a rural/urban divide and there's very little intermixing. Affordability of housing is poor. The definition used for "affordable housing" is based on median income, and should be based on a more typical family income. People aren't traveling 20-30 minutes daily to hanover/ashland to work when they can travel to areas with higher earning potential. So affordable housing needs to be where the jobs are, epecially without public transport.	Name 3 (or more) features of Hanover County that you think could be improved.	Phase 1 Survey: Identifying Needs

2/23/2022	<p>The Planning Department is currently developing Comprehensive Plan (Comp Plan) language and supporting ordinances for your approval regarding Utility and Distribution Scale Solar Projects (Solar Projects) in Hanover County.</p> <p>One area of particular importance to Hanover County citizens regarding these solar projects is viewshed, watershed and habitat preservation. Hanover County citizens have repeatedly made clear that the preservation of Hanover’s rural/agricultural viewsheds, watersheds and habitat is of utmost importance to them. Consequently, any Comp Plan language and supporting ordinances regarding Solar Projects should have designated sections that protect and enhance viewsheds, watersheds and habitat.</p> <p>To begin with, these sections should state clearly and unequivocally that “the preservation and improvement of the existing local neighborhood viewsheds, watersheds and habitat is a priority.”</p>	none	James Isaacs Email
2/23/2022	Concerning viewsheds, [ordinances regarding Solar Projects] should require that these Solar Projects “shall be completely screened from the view of adjacent properties, public roads and the surrounding neighborhood year round.” It should accomplish this through requirements in the design of vehicular and utility access points and through buffer zones of plant material sufficiently mature to completely screen the Solar Project.	none	James Isaacs Email

Date	Comment	Prompt	Source
2/23/2022	In order to maintain the character of the surrounding neighborhood, [ordinances regarding Solar Projects] should require that “any existing riparian forested buffer be retained (except for access points) and, if necessary for complete screening, supplemented by trees and shrubs native to this area of Virginia.” It should state that “the removal of mature trees shall be prohibited” (unless needed for access points). Such ordinances should require that “all forested areas removed during construction or operation shall be mitigated by the creation of an equal number of acres of equivalent forest.” (Northampton County Code §154.2.178(A)(2)(e)).	none	James Isaacs Email
2/23/2022	Trees and shrubs planted to meet the screening/buffering requirements should be required to be “chosen from the list of species indigenous to this area of Virginia contained in the Virginia Piedmont Region Native Plants for Conservation, Restoration and Landscaping on the Department of Conservation and Recreation (DCR) website.” [Ordinances regarding Solar Projects] should require that “the plan for, and installation of, these screening buffers shall be approved by a qualified professional, with expertise in establishing and/or monitoring native vegetation communities in various landscape settings, selected by the county and paid for by fees from the applicant.”	none	James Isaacs Email
2/23/2022	To avoid monoculture, [ordinances regarding Solar Projects] should require that “a variety of trees and shrubs shall be planted so that no more than 30% of the selected plants are from the same family and no more than 10% are from the same species.” Any fencing must be installed on the interior of the buffer. (Northampton County Code §154.2.178(A)(2)(g)(1)) The screening must be fully established within five years and effectively maintained for the life of the project. (Northampton County Code §154.2.178(A)(2)(g)(2)) In addition, it should require that there “shall be animal corridors or trails through the Project.”	none	James Isaacs Email

Date	Comment	Prompt	Source
2/23/2022	<p>As for the panel and open zones, [ordinances regarding Solar Projects] should state clearly that “their priority is to have healthy ecosystems and prevent water quality issues on downstream aquatic resources by creating self-sustaining, high quality pollinator landscapes using low growing pollinators and grasses native to this area of Virginia as ground cover.”</p> <p>In order to achieve this, [ordinances regarding Solar Projects] should require that a Solar Project “shall be certified as a Gold Certified Virginia Pollinator-Smart Solar Facility as developed by the Virginia Department of Environmental Quality (DEQ) and the DCR.”</p> <p>To obtain this, [ordinances regarding Solar Projects] should require these Solar Projects to develop a Vegetation Management Plan pursuant to the format mapped out in the DEQ/DCR Pollinator-Smart Comprehensive Manuel. It should require that the Vegetation Management Plan be prepared by a qualified professional with expertise in establishing and/or monitoring native vegetation communities in various landscape settings. The ordinances should require that the Gold Certified Virginia Pollinator-Smart Solar Facility be maintained for the life of the Project.</p>	none	James Isaacs Email

2/18/2022	<p>In the next 20 years I want Hanover County to consolidate and fix the problems that existing development has created: We need to add sidewalks where we have none, we need to add stormwater management to exceed the standards where we have been neglectful, we need to have micropower grid and decentralized, clean energy for our county, we need to beautify the development we have by adding landscaping, bike paths, walking trails and biodiversity, we need to be self sufficient for water, power, transportation. We need to be maintaining our own water systems to provide clean water to our residents, we need to mandate zero waster policies and no single use plastic policies. We need to take a stand and be stewards of our land. I want the leaders and officials to act as champions for Hanover's greenbelt possibilities so that we could be the support system and agricultural system for the larger metropolitan area. I have wanted this for the past 20 years and it seems hopeless. I want the leaders to prove me wrong and I will do my part to ensure the gift of this land is in better shape for the next generaton. As it stands now, we are leaving messes for the next generation to clean up and I would like that to stop.</p>	<p>Fill in the blank:In 20 years, I want Hanover to have _____.</p>	<p>Phase 1 Survey: Identifying Needs</p>
2/18/2022	<p>Equitable opportunities for all citizens and a vision for the future that focuses on residents to create an atmosphere of support for small businesses that add value to the community, not just the county's bottom line. I'd also like to see a new board of supervisors that values transparency and protecting the families they represent.</p>	<p>Fill in the blank:In 20 years, I want Hanover to have _____.</p>	<p>Phase 1 Survey: Identifying Needs</p>

2/18/2022	an amazing collection of small communities that have created a network of sustainable living, healthy for the children and healthy for the aging. A place that had said no to 95 and Rt 1 development and has stopped the vicious cycle of more, more, more. I want healthy living for all living things. I don't want to be the species that destroys and leaves environmental plague. This is happening in other communities where leaders have decided to change and open their eyes to capitalism, the harms of materialism and the excesses that this economy has supported. The excess is killing people, killing the landscapes, the waterways, the animals. I love farming. I love seeing things grow. I love wholesomeness, I want so much more than what we are doing. Is that so bad? Can we come to the table and stop this excessive growth and destruction of our County?	Fill in the blank: In 20 years, I want Hanover to look like _____. Name 3 (or more) features of Hanover County that you think could be improved.	Phase 1 Survey: Identifying Needs
2/14/2022	INTERNET ACCESSIBILITY!!! Western Hanover continues to be squarely in the stone ages where this is concerned. High speed access is now a necessity, no longer a luxury. Emergency, medical, and financial services all rely on access to operate their day to day functions. Hanover will not continue to attract taxpaying residents and businesses without this critical service. The development and growth far outpace the available services. Satellite internet access is not a reliable and realistic source for critical access use. This remains the #1 reason we intend to leave the county within the next few years.	Name 3 (or more) features of Hanover County that you think could be improved.	Phase 1 Survey: Identifying Needs
2/14/2022	<ul style="list-style-type: none"> Reduce number of warehouse distribution centers, or focus that in a specific area. 2/14/2022	Little to no, housing or business development.	What does rural mean to you?	Phase 1 Survey: Identifying Needs
2/14/2022	To me rural means lower population density and a larger amount of space for agricultural enterprise. Rural space as a whole in America is changing. Areas like Hanover will likely become progressively suburban over the coming years. This is fine as long as we prioritize keeping the area affordable for all residents, including zoning for more than just single family homes and large expensive developments and keeping green space for all.	What does rural mean to you?	Phase 1 Survey: Identifying Needs
2/14/2022	Sparsely populated, land use primarily farms, foresting, etc. Minimal shopping access. Few, if any, chain businesses. Little to no spec development or sprawl.	What does rural mean to you?	Phase 1 Survey: Identifying Needs

2/10/2022	The population growth should be no greater than 1.0% per year for this Comp Plan revision. It is well supported by Weldon Cooper projections. Weldon Cooper has most accurately predicted Hanover's population growth between the 2010 and the 2020 census and prior to that.	none	Citizen Comments, Atlee H.S. Meeting
2/10/2022	If MX remains a compatible zoning district for many disparate and conflicting General Land Use designations, the growth management chapter should consider potential Mixed Use (MX) residential development. Failure to do so gives a false and misleading picture of the extent to which the county is "running out of land" in the SSA.	none	Citizen Comments, Atlee H.S. Meeting
2/10/2022	All parameters and assumptions in the growth management section should be publicly disclosed and fully supported. None should be considered final until the Comp Plan is revised and approved.	none	Citizen Comments, Atlee H.S. Meeting
2/10/2022	The Town of Ashland's approved but unconstructed residential units must be considered in the growth management section. The town's population is included in Hanover's total; and major approved but undeveloped projects, like the town's portion for East Ashland, exist within the town.	none	Citizen Comments, Atlee H.S. Meeting

Date	Comment	Prompt	Source
2/10/2022	<p>The required 70% SSA and 30% rural Comp Plan residential development requirement is essential and must be maintained. The percentages are not vague "about or around" percentages or "no less than or no greater than" ones. They are precise and clear mandates. As such, they assure balanced development. Both SSA and rural areas share in residential growth.</p> <p>Unfortunately, the county has failed to apply them with the result that the SSA has borne a disproportionate residential growth burden; and large parts of the SSA have become the "Urban Service Area," contrary to the Comp Plan's vision for Hanover. The Board has also recently exacerbated the required SSA/rural percentage imbalance by denying or eliminating AR-6 and RC developments, further limiting residential growth in the rural area.</p>	none	Citizen Comments, Atlee H.S. Meeting
2/10/2022	<p>MX should be eliminated as a compatible zoning district for all General Land Use designations other than Multi-Use. There are standards in the Comp Plan for Multi-Use, none for MX. Aligning MX and Multi-Use and strengthening the Multi-Use standards in the Comp Plan as necessary is required given the Board's experience with a number of very problematic MX developments (Lake District and Hickory Grove are two prominent examples). Other compatible zoning districts would, of course, remain for landowners under applicable General Land Use designations; but they would have to request Multi-Use in order to file for MX zoning.</p>	none	Citizen Comments, Atlee H.S. Meeting
2/10/2022	<p>If MX is retained as a compatible zoning district for General Land Use designations other than Multi-Use (contrary to the recommendation in comment AHS180), the Comp Plan should provide an estimate, by square feet, of industrial, commercial, business, and other non-residential uses by district where MX is possible, with emphasis on warehouses and high truck and traffic generating uses. The Comp Plan should then limit the areas where this can occur. As matters stand now under the Comp Plan, no one knows how many warehouses could be allowed. It could be 50, 100, or more, from 100,000 square feet (sf) up to 1 million sf or more. This is not planning worthy of the name. This same information should also be provided for well-defined and limited Economic Development Zones (EDZ). See discussion in comment AHS182.</p>	none	Citizen Comments, Atlee H.S. Meeting

Date	Comment	Prompt	Source
2/10/2022	Speculative and strategic rezonings, with equally speculative often ancient proffers, have limited Board planning options and responses. They have also created large warehouse and commerce centers, often in close proximity to established and developing residential communities. If Hanover truly wishes to responsibly and comprehensively plan for development, these practices must end. The model should be Lewistown/Lakeridge and the areas on either side of 1-295 off US 301, designated areas significantly buffered from residential homes, subdivisions, and other land uses. Unfortunately, current industrial zoning practices along US 1 and the Sliding Hill Rd. - Ashcake Rd. area have degraded the quality of life in nearby existing small and large residential communities. That is unacceptable and must change.	none	Citizen Comments, Atlee H.S. Meeting
2/10/2022	AR-6 and RC should be available, compatible zoning districts throughout the county, including the SSA. The availability of these zoning district options in the residential development menu best assures that remaining farms and forested land in the SSA might be preserved, while allowing limited residential development. Retaining some semblance of Hanover's rural character and feel throughout the county and limiting SSA urbanization must be top priorities. AR-6 and RC options are the vehicle to achieve those goals in the SSA.	none	Citizen Comments, Atlee H.S. Meeting
2/10/2022	Buildings and acreage with first floor commercial and residential units above should be considered 100% residential, and the Comp Plan should so provide and require. The first floor commercial space is simply not economic absent the residential above. (In fact, in Short Pump, first floor commercial is often not economic, even with upper floor residential.) Declaring the entire building commercial has it entirely backwards. Developers have also arguably, if not actually, abused the existing treatment by designating small first floor areas as storage in order to qualify the entire building as commercial and avoid residential density limitations which would otherwise apply to the building and acreage.	none	Citizen Comments, Atlee H.S. Meeting
2/10/2022	The maximum residential density in the Comp Plan should be reduced to 10 dwelling units/acre.	none	Citizen Comments, Atlee H.S. Meeting
2/10/2022	The extensions of New Ashcake Rd. and Woodside Lane should be eliminated as road projects in the Comp Plan.	none	Citizen Comments, Atlee H.S. Meeting

Date	Comment	Prompt	Source
2/10/2022	Road improvement and widening projects connecting Hanover and Henrico should be eliminated in the Comp Plan or reflected at the lowest priority. Massive and continuing urban development in Henrico has done nothing to reduce traffic on Hanover roads. Henrico has also demonstrated no reciprocal willingness to facilitate development in Hanover by approving connections to its roads. If Henrico-Hanover road improvement projects are to be pursued, it should be done at the regional level using regional funds. Maintaining but not improving Hanover road connections at the Henrico boundary best reflects Hanover's Comp Plan vision and planning values and distinguishes it from its urban neighbor. Even if there are no signs, "Welcome to Hanover" should continue to be obvious when one crosses the border with Henrico.	none	Citizen Comments, Atlee H.S. Meeting
2/10/2022	Transitions between the SSA and rural areas are poorly defined. The operating assumption, at least for many developers, is the most intensive development should be approved under the General Land Use plan; and transitions should be stark and minimal. Hanover should not internally imitate the development which characterizes the border between Hanover and Henrico. General Land Use designations at all boundaries between the SSA and rural areas should be reviewed and revised in the Comp Plan to provide true transitions -- reflective primarily of rural land uses in adjacent areas.	none	Citizen Comments, Atlee H.S. Meeting
2/10/2022	Transitions are also necessary, particularly with an EDZ. Instead, the Comp Plan provides vague ovals and no protections for communities within and just outside the EDZ. The Comp Plan should reduce the size of all EDZ ovals and buffer them to maximize transitions to other land uses.	none	Citizen Comments, Atlee H.S. Meeting
2/10/2022	There is a basic disconnect between the first two chapters in the Comp Plan (growth management and land use) and most of the remaining Comp Plan chapters. The discussion of park and recreation resources in the Comp Plan is a prime example of this "splendid isolation." Park and recreation resources are noted and discussed; but there is no discussion of what implications, if any, they have for adjacent parcels or even the areas in which they located, much less their relationship to the rest of the Comp Plan. For example, would it make any sense to allow a possible rural residential village in Montpelier near its library and park?	none	Citizen Comments, Atlee H.S. Meeting

Date	Comment	Prompt	Source
2/10/2022	<p>The county has done nothing to plan and create small, passive and/or active, parks and open space in long established residential neighborhoods. These neighborhoods are home to many older residents, many of whom are the original owners, and critical magnets for young families seeking more affordable housing and desirable schools in Hanover. But where can residents walk or bike to within these neighborhoods (as opposed to simply around them)? What has Hanover done to revitalize and maintain these communities where the residents have paid taxes for many years? What recreational amenities exist within the community? The answers are none and nothing, and relevant questions are not even asked. When one cannot bike or walk to a public space in your neighborhood, something is radically wrong. To the extent there is a response or justification for this situation, it is bike to a commercial establishment for a meal - but when have you ever seen a bike rack in front of a restaurant, much less one with bikes. Or the response is -- designate the entire community MX, don't revitalize it, carve it up, destroy it, start over - a solution which was rightly hammered by subdivision residents during the last Comp Plan revision. The Comp Plan should designate subdivisions where active and passive open space will be considered and then inventory, plan, and fund parks in communities where residents would welcome park and recreation amenities. The current lack of vision and planning is unacceptable and must change in this Comp Plan.</p>	none	Citizen Comments, Atlee H.S. Meeting
2/10/2022	<p>Environmental surveys should be required in zoning cases demonstrating consideration and compliance with applicable Comp Plan provisions. For example, there is nothing in the Comp Plan which requires disclosure of the existence of endangered species in a zoning case.</p>	none	Citizen Comments, Atlee H.S. Meeting
2/10/2022	<p>RMA buffers should be required. Currently only RPA lands require buffers. Many RMA area are wetlands and receive no protection beyond the wetland delineation. RMA areas also often contain soils which are shrink/swell or subject to significant erosion. In fact, with some developments, existing wetlands have been drained during construction plan review. A natural and dynamic small pond, wetland ecosystem was replaced by a small stream and an adjoining ugly SWM/BMP. Wetlands and RMA areas should be protected, and the Comp Plan should mandate 50' buffers for them.</p>	none	Citizen Comments, Atlee H.S. Meeting

2/10/2022	Not having shopping centers on every medium road, a fair amount of space between neighborhoods rather than smushing them all up next to each other, lots of open space with farms/forests/parklands	What does rural mean to you?	Phase 1 Survey: Identifying Needs
2/10/2022	Country, open space, nature, small-town feel, community	What does rural mean to you?	Phase 1 Survey: Identifying Needs
2/10/2022	Trees, rivers, nature, fewer parking lots and pavement	What does rural mean to you?	Phase 1 Survey: Identifying Needs
2/10/2022	Space between houses, development that is more spread out, less traffic	What does rural mean to you?	Phase 1 Survey: Identifying Needs
2/10/2022	Distance from conveniences like shopping and accessibility to interstates. Mostly farmland.	What does rural mean to you?	Phase 1 Survey: Identifying Needs
2/10/2022	The rural areas are special and should be preserved, but not every square inch of Hanover is rural. More dense suburban and urban style development is appropriate when planned for in the right areas. So I think the term gets thrown around often in places it isn't meant to apply to, just due to NIMBYism. Doing so really takes away from the specialness of the truly rural areas we should actually be focusing on preserving and celebrating.	What does rural mean to you?	Phase 1 Survey: Identifying Needs
2/10/2022	2 plus acres lots	What does rural mean to you?	Phase 1 Survey: Identifying Needs

2/9/2022	Stop industrial development (Wegman, pipeline, etc.), access to broadband internet for more rural areas, board members who actually listen to their constituents wants and needs.	Name 3 (or more) features of Hanover County that you think could be improved.	Phase 1 Survey: Identifying Needs
2/9/2022	Roads snow blowing, better communication with public	Name 3 (or more) features of Hanover County that you think could be improved.	Phase 1 Survey: Identifying Needs
2/9/2022	I hate that Hanover seems only interested in industrial development! Warehouses right across from homes just doesn't make sense! The kids of Hanover are restricted from attending the governor's school of performing arts as well as very limited spots for Maggie Walker. I am pleased they at least allowed for IB at all schools. I dislike the way the BOS has repeatedly destroyed the Brown Grove Community (the dump, 95 through the community & now Wegman's). I hate that the BOS has fought to help destroy the largest amount of wetlands to allow for another warehouse! So much for rural and the nice bedroom communities are going to be devalued.	Name 3 (or more) features of Hanover County that you think could be improved.	Phase 1 Survey: Identifying Needs

2/9/2022	Hanover county has a great rural set up however the county is situated in a position that does not support rural lifestyle being the midpoint between DC and the city with 3 major interstates flowing through not to mention state routes. The county would not be beneficial to the county's growth or its people....rural is suitable for counties the lie west and south with not major infrastructure....Hanover should be pushing for a strong urban/suburban lifestyle no longer relying on "volunteerism" and the "Mayberry" lifestyle but coming into the 21st century with a strong and diverse tax base and strong infrastructure and strong public safety with no cross staffing!!! and strong community relations	What does rural mean to you?	Phase 1 Survey: Identifying Needs
2/9/2022	Clean, quiet environment. Houses on large lots (10 acres or more). Caring community	What does rural mean to you?	Phase 1 Survey: Identifying Needs

2/9/2022	A more welcoming place and much more transparency in government.	Fill in the blank:In 20 years, I want Hanover to be _____.	Phase 1 Survey: Identifying Needs
2/9/2022	High speed internet available to all areas	What would be a "game changer" for Hanover County?	Phase 1 Survey: Identifying Needs
2/9/2022	First, get a new BOS. Next, STOP this growth by not building homes on top of each other. Actually bring businesses in that we don't spend out 5 million to bring someone in. And bring in ethical companies that actually care about people. Wegmans is not it...bunch of liars and only in for themselves.	What would be a "game changer" for Hanover County?	Phase 1 Survey: Identifying Needs
2/9/2022	Fire Linwood Thomas and Dave Maloney.	What would be a "game changer" for Hanover County?	Phase 1 Survey: Identifying Needs

Date	Comment	Prompt	Source
2/9/2022	A sports team and a brewery.	What would be a “game changer” for Hanover County?	Phase 1 Survey: Identifying Needs
2/9/2022	If our elected officials really listened to the citizens concerned rather than making money	What would be a “game changer” for Hanover County?	Phase 1 Survey: Identifying Needs
2/9/2022	A more liberal population, but we are working on that.	What would be a “game changer” for Hanover County?	Phase 1 Survey: Identifying Needs
2/9/2022	Stop trying to draw big businesses to Hanover and ruin our rural county	What would be a “game changer” for Hanover County?	Phase 1 Survey: Identifying Needs
2/9/2022	Public transportation. Even just a bus that ran up and down 301, 360, and Rt 1 in and out of the city would help - with "kiss-n-ride" as well as plenty of public parking. And even more of a game changer would be high speed rail in and out of DC (with easy and plentiful parking!). This makes the county part of the commuting area of DC and brings in a whole new diverse group of residents.	What would be a “game changer” for Hanover County?	Phase 1 Survey: Identifying Needs
2/9/2022	to stop so much developement!	What would be a “game changer” for Hanover County?	Phase 1 Survey: Identifying Needs
2/9/2022	Stop throwing up large subdivision of McMansions that takes away farmland that could be used to feed the County. Plant trees, stop cutting down all the forests and destroying the wetlands where the animals live. Make Hanover look both rural and yet have the "city" feel that some appreciate. It would be a win-win for everyone.	What would be a “game changer” for Hanover County?	Phase 1 Survey: Identifying Needs
2/9/2022	Recycling pickup	What would be a “game changer” for Hanover County?	Phase 1 Survey: Identifying Needs
2/9/2022	revitalizing areas already developed, but not utilized.	What would be a “game changer” for Hanover County?	Phase 1 Survey: Identifying Needs
2/9/2022	focusing on existing residents needs, not developers and corporate needs.	What would be a “game changer” for Hanover County?	Phase 1 Survey: Identifying Needs
2/9/2022	A large indoor/outdoor sports complex similar to the facility in Chesterfield (but nicer). With the explosion in youth travel sports, this would be a catalyst to attract visitors from literally all over the country and be a significant economic contributor. Hanover is perfectly located in the mid-Atlantic and on the I-95 corridor and its proximity to the City all make this an ideal, can't miss proposition.	What would be a “game changer” for Hanover County?	Phase 1 Survey: Identifying Needs
2/9/2022	That it would have some creative zoning options that preserve the rural and improve the suburban	What would be a “game changer” for Hanover County?	Phase 1 Survey: Identifying Needs

Meeting (2022)

Date	Comment	Prompt	Source
2/8/2022	<p>Land is not available: I sell vegetables at the Ashland Farmers market. When I began looking for land for this, I realized there were no provisions in the land use plan to make this feasible. The zoning ordinance requires 10 acres of land for most market farm activities. Ten acre parcels in Hanover are not in subdivisions with covenants and restrictions. Restricting farming was not the goal of that requirement.</p> <p>Land requirements for agriculture are financially unrealistic if the land was available.</p> <p>Virginia State University has done research on the amount of land necessary to farm to make a living. They were working with a base of one acre and the expectation of making \$1/sq ft. That amount would have gone up by now. Having to buy 10 acres in order to grow healthy food and soil on much less puts sustainable farmers at a disadvantage.</p> <p>Additionally, sustainable agriculture not only protects soil, which are losing with older farming practices, but grows it. I hope you will make provisions in the plan to support small scale sustainable agriculture to allow the removal of the 10 acre requirement for a farm.</p>	none	Citizen Comments, Patrick Henry H.S. Meeting (2022)
2/8/2022	<p>Conserving healthy ecosystems: Hanover County has aside rural protection areas, but those areas do not require conservation of healthy ecosystems, something that is becoming more and more critical.</p> <p>There is a land use planning process called Green Infrastructure Planning, that enables that to happen. The Green Infrastructure Center in Charlottesville has met with Hanover County officials to talk about this in the past. The 2012 Comprehensive Plan revision included a small aspect of tat process... identifying and setting aside conservation links</p> <p>Karen Firehock Green Infrastructure Center http://gicinc.org</p> <p>I hope you will begin to incorporate more aspects of this process to protect Hanover County's natural areas throughout the County before there are none.</p>	none	Citizen Comments, Patrick Henry H.S. Meeting (2022)

01/31/22	<p>When considering Land Use in Hanover County, I encourage the Planning Commission to remember the famous Hanover Tomato. It is well known that the soil and climate of Hanover are extremely well suited for growing tomatoes. But we are losing our prime farmland year after year to development. Hanover County government must pass regulations that protect the best of our farmland, and require that it be used for growing food for local residents. If our farmland is not preserved, we will soon be importing all our food from out of state, or from other countries. I only have to think of Dodd's Acres, located a couple of miles from where I live, where farmer Robert Dodd produced tractor trailer loads of vegetables year after year for decades. The farm is now being subdivided for housing -- a tremendous loss of vegetable produce for the people of Hanover County and beyond.</p> <p>Dear Planning Commission, please hear what I say, or the Hanover Tomato will become an item of Hanover history, only grown by a few gardeners across the county.</p> <p>Thank you, Robert Blackburn 7311 Hidden Lake Estate Dr. Mechanicsville, Va 23111</p>	webform	Envisionhanover.com
01/31/22	Will be moving to Hanover and I'm excited to get involved.	webform	Envisionhanover.com
01/30/22	I want to be an active participant	webform	Envisionhanover.com

01/23/22	I am in favor of controlled growth with planning that includes all and especially major developments having better communication to citizens prior to some done-deals we've seen (Wegmans as example). Board meetings are not convenient for citizen attendance. I don't feel I am alone in wanting Hanover to avoid a sprawl like we've seen in Henrico westward on Rt.250. Wifi for outlying areas should be a top priority. The necessity for education and business to continue electronically (digital/cloud) during a pandemic (or any unforeseen emergency) has been proved during Covid-19 these past two years. This has become an essential need and not a luxury. Access to reliable and affordable wifi connectivity in homes and businesses in all of Hanover County should be as easily accessible and affordable as electricity for all citizens and businesses.	webform	Envisionhanover.com
01/23/22	Please include me as I'd like to provide an example of quality engagement and planning to my local partnerships. Thank you, Jennifer	webform	Envisionhanover.com

4/26/2022	<p>Dear Planning Dept,</p> <p>The property owner of 9382 Sliding Hill Rd, GPIN 7798-32-4765, wishes for the property to show Industrial use. We have owned the property since 1990 and have had several meetings and discussions with past county employees and have always been led to believe the property would be Industrial use. We have worked with VDOT when Sliding Hill Rd was improved and have worked with Hanover County when they had to have a permanent water and sanitary sewer easement on our property. We feel the highest and best use of our property is for Industrial. We currently have a prospect that would like to rezone our property for Industrial use and is in their due diligence period. Please feel free to call or e-mail me anytime.</p> <p>Thank you, Robert J. King, Jr. (Robbie) Trustee for the Riley B. and Helen F. Lowe Trust P.O. Box 175 7444 General Dr Mechanicsville, Va. 23111 804-370-4428</p>		Email from Robert J. King, Jr. (Robbie)

4/25/2022	Be more concerned about residents	"Name 3 (or more) features of Brown Grove that you think could be improved."	Brown Grove Community Meeting
4/25/2022	Limit new housing development to 1 dwelling per 5 acres	"Name 3 (or more) features of Brown Grove that you think could be improved."	Brown Grove Community Meeting
4/25/2022	More Recreational Emphasis on Nature + River Access	"Name 3 (or more) features of Brown Grove that you think could be improved."	Brown Grove Community Meeting
4/25/2022	Better Cycling Areas for Road Cycling. Need Greater Protections.	"Name 3 (or more) features of Brown Grove that you think could be improved."	Brown Grove Community Meeting
4/25/2022	More Heritage Tourism w/ focus on neglected racial groups (American Indian + African American)	"Name 3 (or more) features of Brown Grove that you think could be improved."	Brown Grove Community Meeting
4/25/2022	Reduce industrial development in + near communities; Consider that I95 is already problematic. More DC's will make residents' transportation issues worse; Respect for all people regardless of race, religion, politics, sexual orientation, etc. We are a diverse people with diverse needs	"Name 3 (or more) features of Brown Grove that you think could be improved."	Brown Grove Community Meeting
4/25/2022	Community History; Peaceful Living Community; Green Space (Until Wegmans Came)	"Name 3 (or more) features of Brown Grove that you think could be improved."	Brown Grove Community Meeting
4/25/2022	Brown Grove Community Speed Limit Reduced to 35 MPH	"Name 3 (or more) features of Brown Grove that you think could be improved."	Brown Grove Community Meeting
4/25/2022	I would like for Brown Grove to remain rural, no industry/commercial - HOUSING ONLY	"Name 3 (or more) features of Brown Grove that you think could be improved."	Brown Grove Community Meeting
4/25/2022	Air Quality; Better Road Signage		Brown Grove Community Meeting
4/25/2022	Roads; Ditches; Traffic Speed Lowered		Brown Grove Community Meeting
4/25/2022	More Parks; Community Center; Walking Trails; Bike Lane; Traffic Speed Lowered		Brown Grove Community Meeting
4/25/2022	Remove, sunset, delete the Sliding Hill economic development zone		Brown Grove Community Meeting
4/25/2022	Monitor Wegmans impact on the community and hold them to the law - air + water + noise pollution		Brown Grove Community Meeting

Date	Comment	Prompt	Source
4/25/2022	Sense that the community is targeted for destruction; traffic is too much for the narrow, curvy road; speed limits too high should be 35 mph.		Brown Grove Community Meeting
4/25/2022	No Traffic Circles; No New Ashcake Extension; Preserve Residential Areas per New Historic District		Brown Grove Community Meeting
4/25/2022	Small Town Feel worry more about Residents		Brown Grove Community Meeting
4/25/2022	Remove the Ashcake Rd. extension potential - which would further encroach upon Brown Grove		Brown Grove Community Meeting
8/17/2022	It doesn't matter what feedback the county provides the BOS are going to do what THEY want to do. I have learned this through personal experience fighting alongside hundreds of others for the misplacement of The Wegmans Distribution Center off Sliding Hill and Ashcake Road. This is a joke and most of Hanover is apathetic to participating because when they have tried to voice their concerns in the past they get railroaded and ignored. I honestly can't believe this many people are left in Hanover who are gullible enough to believe their input really matters. I will give it to them, this is a really well orchestrated facade of looking like the county staff really cares what it's residents really desire in and for their county.	none	Karri Messina email
8/16/2022	I addressed the area located between Wynns Church Rd. and Henrico County line. Would zone this whole area as "Commercial" with area going back as far as 400' from Rt. 33. Make arrangement with VDOT to make Rt. 33 four lane. Have immediate access to Rt. 295 which will be a huge encouragement for high quality corporations to locate in Hanover County.	none	Daniel Johnson email
8/16/2022	Have been hearing the call for "More affordable housing in Hanover County". I understand 80% of the revenue for the county come from the residents. Would not be wise to dummy down our tax base by allowing lower priced homes to come to Hanover County. Get far more revenue from a \$700K home than a \$350K home. Must up our tax base. Hope we start emphasizing seeking "quality industries". High paying with high quality employees that can buy or build high dollar homes.	none	Daniel Johnson email

7/31/2017	Comp Plan's emphasis on balance between development and growth is not in line with its infrastructure and preservation goals.	none	Citizen Comments, Chickahominy M.S. Meeting (Letter)
7/31/2017	Planning for growth on 20% of county's land with 70% of county's ppopulation has unacceptably concentrated development impacts. Comp Plan should emphasize controlled development in the SSA.	none	Citizen Comments, Chickahominy M.S. Meeting (Letter)
7/31/2017	Heavily impacted SSA corridors should be designated in the Comp Plan and receive greater consideration in planning.	none	Citizen Comments, Chickahominy M.S. Meeting (Letter)
7/31/2017	Density should be reduced and open space should be increased in the SSA, more in line with Hanover's rural areas.	none	Citizen Comments, Chickahominy M.S. Meeting (Letter)
7/31/2017	Roads have not been expanded or improved in a timely manner. Traffic on county roads is increasingly unacceptable and often intolerable.	none	Citizen Comments, Chickahominy M.S. Meeting (Letter)
7/31/2017	Adequate roads must be the county's top priority.	none	Citizen Comments, Chickahominy M.S. Meeting (Letter)
7/31/2017	Current data and thorough analysis of development are essential and should be dynamically applied when making planning and land use decisions.	none	Citizen Comments, Chickahominy M.S. Meeting (Letter)

Date	Comment	Prompt	Source
7/31/2017	To minimize infrastructure needs and demands on county resources and maintain a rural character, remaining forested and agricultural land in highly impacted SSA corridors must receive enhanced protection.	none	Citizen Comments, Chickahominy M.S. Meeting (Letter)
7/31/2017	Common or open space and parks are necessary for the long term health of our neighborhoods and residents and should have a higher priority in the Comp Plan.	none	Citizen Comments, Chickahominy M.S. Meeting (Letter)
7/31/2017	Acreage which cannot be developed for residential units should be excluded in density calculations	none	Citizen Comments, Chickahominy M.S. Meeting (Letter)
7/31/2017	Common or open space requirements should be increased by 5% in applicable zoning ordinances.	none	Citizen Comments, Chickahominy M.S. Meeting (Letter)
7/31/2017	The average residential density in the SSA should be eliminated or reduced to 2.0 units/acre, the average density in the Comp Plan prior to the last revision.	none	Citizen Comments, Chickahominy M.S. Meeting (Letter)
7/31/2017	The maximum residential density should be reduced from 15 units/acre to 10 units/acre.	none	Citizen Comments, Chickahominy M.S. Meeting (Letter)
7/31/2017	The Board of Supervisors should reconsider the 1.5% population growth rate forecast and the uses made of it.	none	Citizen Comments, Chickahominy M.S. Meeting (Letter)
7/31/2017	The density of mixed use developments should be reduced below the maximum of 15 units/acre. 8 to 10 units/acre is the maximum which should be allowed.	none	Citizen Comments, Chickahominy M.S. Meeting (Letter)
7/31/2017	High density development near areas designated for mixed use development is ill-advised. A maximum of 4 units/acre should be allowed in the vicinity of mixed use developments.	none	Citizen Comments, Chickahominy M.S. Meeting (Letter)
7/31/2017	The mixed use zoning ordinance allows plazas to be counted at twice their acreage in satisfying common or open space requirements. Residents of mixed use developments need more common or open space, not less. Plaza acreage should be counted once.	none	Citizen Comments, Chickahominy M.S. Meeting (Letter)
7/31/2017	Areas in the county experiencing heavy development impacts should be the focus of detailed discussion and review in the Comp Plan and rezoning cases. A non-exclusive list of heavily impacted corridors includes Atlee Station Road, US 360 east of I-295, and Pole Green Road.	none	Citizen Comments, Chickahominy M.S. Meeting (Letter)

Date	Comment	Prompt	Source
7/31/2017	Traffic studies and counts should be obtained for the entire corridor and should consider traffic from all existing developments and approved developments whether or not lots have been recorded.	none	Citizen Comments, Chickahominy M.S. Meeting (Letter)
7/31/2017	County plans for improving roads and the availability of funding for such projects should be discussed with an emphasis on present and future level of service impacts.	none	Citizen Comments, Chickahominy M.S. Meeting (Letter)
7/31/2017	Using average data for students per residential unit to assess the impact of new residential developments on schools is not sufficient. The county should obtain and analyze specific data on actual and projected school age populations from new subdivisions and use this data to assess the impact of proposed residential developments on schools.	none	Citizen Comments, Chickahominy M.S. Meeting (Letter)
7/31/2017	The Water and Wastewater Facilities Master Plan referenced in the Comp Plan is date June 2009 and has not been revised. It should be updated.	none	Citizen Comments, Chickahominy M.S. Meeting (Letter)
7/31/2017	The response time of emergency vehicles can be adversely affected in heavily impacted corridors by traffic, particularly during peak hours. A rezoning application in a heavily impacted corridor should be reviewed to assure that its impact on emergency services and law enforcement is acceptable.	none	Citizen Comments, Chickahominy M.S. Meeting (Letter)
7/31/2017	Traffic count studies should be performed on major secondary roads at least once every five years. On roads impacted by ongoing development, studies should be performed at least once every two years.	none	Citizen Comments, Chickahominy M.S. Meeting (Letter)
7/31/2017	Projected traffic increases should be determined in two categories: first, future traffic from ongoing development should be determined. Second, traffic from approved but undeveloped subdivisions should be considered. Using this information, current and projected levels of service on major secondary roads should be determined.	none	Citizen Comments, Chickahominy M.S. Meeting (Letter)
7/31/2017	Road improvement projects should continue to be listed, prioritized, and reviewed annually. Project information should include estimated dates of completion, cost, funding sources, and whether development will be done in phases.	none	Citizen Comments, Chickahominy M.S. Meeting (Letter)
7/31/2017	Comp Plan should contain concrete goals and objectives for a truly adequate and functional road network that adequately serves its residents and businesses.	none	Citizen Comments, Chickahominy M.S. Meeting (Letter)
